On motion of Thomas Perry W. W. Her bert was called to the chair, and C. S. Taylor, Jr., appointed Scoretary. The President, Thomas Perry, submitted the following report:

May 1st, 1878, and ending April 20, 1879.
There have been received and sold on Change There have been received and sold on Change 776,829 bushels of wheat, 203 356 bushels of corn. 7,309 bushels of rye, 20,600 bushels of cats, 116 bushels of corn meal, 21 tons of mill feed, 79 barrels of ear corn, and 30 bushels of buckwheat. Total 1,009 014 bushels.

The Inspector, Mr. Taylor, reports 31,825 barrels of flour and 478 barrels rye flour, and we think received of the received suitides.

think we can safely put the receipts outside at fully as much as last year, making a grand total of 1,370 521 bushels, which is an excess over last year of over 176 898 bushels, (in addition to the above 130 tons of mill feed were received) which is very encouraging, considering the great depression in trade and business, and we hope and believe we can make a still better showing next

year. But there is one thing wanted to enable us to handle grain with greater facility, and that is an elevator, and we hope some enterprising citizen and capitalist will take the matter in hand and examine into it. We believe it would be a good investment and would certainly increase our grain trade; not only the grain from the immediate back country, but from the rich country bordering on the Chesapoake and Ohio canal, that now goes to other markets, would come here.
And there is another thing in favor of an elevator, that is the use of bags could, in a great measure, be dispersed with, which would be a great saving to both merchants and farmers, and save a great deal of trouble and annoyance to

some good come of them. We believe and hopethat the great depression in business and trade is now at an end, and we look for better times. Already some ten or a deman new houses are in course of ercetion, and no doubt before the end of the year many more will be put up.
Also come of the wharves are being regained

and we hope, through God's assistance, to see manufacturies started, cur wharves and river front built up, and steamers and ships line our harber as of old.
We all remember with pride the grand suc-

cass of our Agricultural Fair last fall, and we see no reason why other enterprises should not be fully a-sace ssful. We have every natural advaritage for a manufacturing, as well as a com-mercial city, with extensive ratiroad connections to coat fields and to iron and other rich mineral beds, the Coesapeake and Ohio Canal running also to the coal fields and through the richest arein growing counties of Virginia and Mary-land, and an outlet of one of the finest rivers, the beautiful Potomac, with fine steamers and vessels plying at low rates of freight and passage; we say everything looks encouraging for better

We notice with plessure the mention in the Grante of a prespect of a blast furnace and rolling mills being built here, and we hope our citi-ties will make every effort to have them estab-

Taking everything into consideration, the great depression in all kinds of business and trade, we have no right to complain, but a good deal to be thankfur for, we are not the only ones who have seen and felt these hard times. Mr. Courtland H. Smith, the conservative nomince for Mayor, accompanied by Bodon's Bind, serconded that gentleman at the Alexi andria Club House last tight. Mr. Smith appeared and thanked these present for the complement. He said that he had no enemies to punish or friends to reward so far as concerned the discharge of his duties, but would endcavor

to be impartial and just towards all. The crowd then repaired to the residence of Mayor K-mper, where, after music by the band, the Mayor appeared, acknowledged the compliment and called upon all of his hearers to rally to the support of Mr. Smith, as the regular nominee of the conservative party. Those present, led by Mr. Smith, then gave

CANDIDATES.

[All announcements must invariably be paid for in advance - No notice will be taken of orders unless they are accompanied with the cash.]

E ARE authorized to snootee B SAIN-NEE as an independent candidate for the illee of Commissioner of the Revenue Southern Diarriet of Fairfax county, who is opposed to conventions, rings, &c., &c., who will be thank-ful for the support of his friends. myl4-te TO THE VOTERS OF ALEXANDRIA

In unnouncing myself as a candidate at the general election for Superintendent of Police before this people, it is proper that I should state the reasons for any action. It is apparent if three candidates contend for the nomination the successful one will not obtain a majority of all the votes, and thereby a fair chores even of the conservative voters will be defeated. There is also a large number of voters who will be excluded from participation in the 'primary,'and if there be no opposition to the nominee they will have no voice whatever in the election which virtually will be in the hands of a small minority. I have, therefore, determined to be a candidate at the governt election and invoke the favorable consideration of my fellow cit zens.
